DATA ITEM DESCRIPTION

Title: INFORMATION MANAGEMENT AND CONTROL PLAN (IMCP) FOR DEPARTMENT OF DEFENSE (DOD) ASSESSMENTS

Number: DI-MGMT-82383
AMSC Number: 10314
DTIC Applicable: No
Preparing Activity: MDA
Applicable Forms: None

Approval Date: 20220504
Limitation:
GIDEP Applicable: No
Project Number: MGMT-2021-013

Use/relationship: This Data Item Description (DID) supports the Information Management and Control Plan (IMCP) related to Department of Defense (DoD) Assessments. The IMCP for DoD Assessments complies with DFARS 252.204-7012, 252.204-7019, 252.204-7020, and the 110 National Institute of Science and Technology (NIST) Special Publication (SP) 800-171 Rev.2 security requirements. This DID is separate and distinct from the IMCP for Cybersecurity Maturity Model Certification (CMMC) Assessments.

The IMCP for DoD Assessments requires the Prime Contractor to develop a plan for controlling the flow of Controlled Unclassified Information (CUI) within the supply chain. An acceptable IMCP for DoD Assessments is required for contract award. The Prime Contractor shall flow the IMCP for DoD Assessments to their 1st tier Subcontractors and require that this plan be flowed down to all tiers of the supply chain that utilize CUI. Contract Prime and Subcontractors handling CUI are required to develop an IMCP but only the Prime is required to submit their IMCP to the Government. The IMCP requires the Prime and Subcontractors to submit a Supplier Compliance Supplement directly to the Government Procuring Contracting Officer. It also requires the Contractors to submit their System Security Plan (SSP) and Plan of Action and Milestones (POA&M) to the Agency when/if required.

This DID contains the format and content preparation instructions for the data product generated by the specific task requirement included in the contract.

Requirements:

1. Reference Documents. None

2. Format.

The IMCP for DoD Assessments consists of two parts: (1) the IMCP and (2) the Supplier Compliance Supplement. The IMCP describes how the contractor will protect CUI in the supply chain. The Supplier Compliance Supplement is used to illuminate the supply chain by identifying subcontractors at all tiers that develop, transmit, use, or store CUI. It also provides a high-level understanding of how the CUI is protected within the supply chain. The Supplier Compliance Supplement is required to be followed down to all subcontractors at all tiers that develop, transmit, or store CUI.

The IMCP data shall be in electronic MS Word format in accordance with the IMCP Template and its instructions for use (see Table 1). The IMCP Supplier Compliance Supplement data shall be submitted using the MS Excel template and in accordance with the Supplier Compliance Supplement

instructions for use (see Table 2). Submitted electronic media shall comply with and be readable by approved Government systems.

3. Content.

Table 1 – IMCP Template

IMCP		
Data Field	**Is Data Field Required or Optional?**	**Data Field Description**
Cover Page		
Title	Required	Enter the words "Information Management and Control Plan (IMCP)" as the title on top of the cover page.
Program Name	Required	Enter the name of the program on contract corresponding to the data provided.
Prime Contractor Name	Required	Enter the name of the prime contractor corresponding to the Program. **Valid Value:** Name as presently subscribed in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
Date	Required	Enter the date the IMCP data is prepared/submitted to the Program Office.
CDRL Number	Required	Enter the Program Contract Data Requirements List (CDRL) number corresponding to the IMCP requirement.
Contract Number	Required	Enter the Program contract number.
Prime Contractor Point(s) of Contact: Name	Required	Enter the name of the IMCP primary point(s) of contact at the prime contractor.
Prime Contractor Point(s) of Contact: Telephone Number	Required	Enter the telephone number for the IMCP primary point(s) of contact at the prime contractor.
Prime Contractor Point(s) of Contact: E-mail address	Required	Enter the electronic mail address for the IMCP primary point(s) of contact at the prime contractor.
IMCP Content		
CUI Practices, Safeguards, Restrictions, and Accountability Procedures	Required	Address practices, safeguards, restrictions, and accountability procedures to prevent the unnecessary transmission (authorized to receive and how much to send/receive) of CUI down the supply chain.
NIST SP 800-171 Rev.2 Implementation	Required	Verify all NIST SP 800-171 Rev.2 security requirements are implemented and are documented within the System Security Plan (SSP).
Plan of Action and Milestones (POA&M) Utilization	Required	Verify all NIST SP 800-171 Rev.2 security requirements not yet implemented are identified in the POA&M and that they will be resolved within one year from contract award or a reasonable period of time as agreed to by the contracting officer.
DFARS 252.204-7012, 7019, and 7020 Flow down Controls	Required	Address controls in place to enforce flow down of DFARS 252.204-7012, 252.204-7019, and 252.204-7020 and prime contractor IMCP procedures to all applicable subcontractors.
Supply Chain Compliance Monitoring Procedures	Required	Address procedures for monitoring supply chain compliance with DFARS 252.204-7012, DFARS 252.204-7019, and DFARS 252.204-7020.
Cyber-Incident Reporting Procedures	Required	Address procedures for reporting a cyber-incident reporting IAW DFARS 252.204-7012.
Posting of Assessment Results	Required	Ensure assessment results are documented in the Supplier Performance Risk System (SPRS) IAW DFARS 252.204-7019.
DFARS 252.204-7020 Acknowledgement	Required	Acknowledge the requirement to provide access to the contractor facilities, systems, and personnel to perform a Government on-site assessment IAW DFARS 252.204-7020.

Supplier Compliance Supplement	Required	Acknowledge the requirement to complete, submit, and flow down the Supplier Compliance Supplement (SCS) to Subcontractors handling CUI. Acknowledge the requirement for Subcontractors to provide verification to their Prime that the SCS has been sent directly to the Government PCO.

Table 2 – IMCP Supplier Compliance Supplement Template

Supplier Compliance Supplement		
Data Field	**Is Data Field Required or Optional?**	**Data Field Description**
Instructions		
Contract Number	Required	Enter the name of the prime contractor corresponding to the Program. **Valid Value:** Number as presently represented in the United States government System for Award Management (SAM) program.
PCO Name	Required	Enter the name (first and last) of the Procuring Contracting Officer corresponding to the Contract.
PCO Email	Required	Enter the email address corresponding to the PCO for the contract.
Part 1 – Company Information		
Overall Contract Prime	Required	Select either "Yes" or "No" if the company completing the form is the overall contract prime.
Company Name	Required	Enter the name of the company completing the form. **Valid Value:** Name as presently represented in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
DUNS Number/Unique Entity Identifier	Required	Enter the DUNS Number/Unique Entity Identifier of the company completing the form. **Valid Value:** Name as presently represented in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
CAGE Code	Required	Enter the Commercial and Government Entity (CAGE) of the company completing the form. **Valid Value:** Five alphanumeric characters assigned by the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
Country	Required	Enter the Country of the company completing the form. **Valid Value:** Country name as represented in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
Address	Required	Enter the address of the company completing the form. **Valid Value:** Address as presently represented in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
City	Required	Enter the city of the company completing the form. **Valid Value:** City as presently represented in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.

Supplier Compliance Supplement		
Data Field	**Is Data Field Required or Optional?**	**Data Field Description**
State	Required	Enter the state of the company completing the form. **Valid Value:** State as presently subscribed in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
Zip Code	Required	Enter the Zip Code of the company completing the form. **Valid Value:** Zip Code as presently represented in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
Contact Name	Required	Enter a point of contact's name (first and last) for the company completing the form.
Contact Phone	Required	Enter the point of contact's phone number for the company completing the form.
Contact Email	Required	Enter a point of contact's email address for the company completing the form.
Do you have suppliers handling CUI in support of this effort?	Required	Select either "Yes" or "No" if the company completing the form has subcontractors/suppliers that handle CUI in support of this effort.
Part 2 – Supplier Information		
Supplier Company Name	Required	Enter the name of the subcontractor corresponding to the Program. **Valid Value:** Name as presently subscribed in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
Supplier DUNS Number/Unique Entity Identifier	Required	Enter the subcontractor DUNS number/Unique Entity Identifier. **Valid Value:** Name as presently represented in the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
CAGE Code	Required	Enter the subcontractor CAGE code. **Valid Value:** Five alphanumeric characters assigned by the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) program.
Supplier POC Name	Required	Enter a point of contact's name (first and last) for subcontractor.
Supplier POC Phone	Required	Enter the point of contact's phone number for the subcontractor.
Supplier POC Email	Required	Enter a point of contact's email address for the subcontractor..
Subcontract Contains DFARS 252.204-7012	Required	Select either "Yes" or "No" if the subcontract with this supplier contains DFARS 252.204-7012.
Subcontract Contains DFARS 252.204-7019 / 7020	Required	Select either "Yes" or "No" if the subcontract with this supplier contains DFARS 252.204-7019 and 7020.
NIST SP 800-171 Self-Assessment Completed?	Required	Select either "Yes" or "No" if the subcontractor has completed a NIST SP 800-171 Self-Assessment.
Assessment Reported in SPRS?	Required	Select either "Yes" or "No" if the subcontractor has reported their self-assessment in the Supplier Performance Risk System (SPRS).
SSP Exists?	Required	Click Select either "Yes" or "No" if the subcontractor has a System Security Plan (SSP).
POAM Exists?	Required	Select either "Yes" or "No" if the subcontractor has a Plan of Action and Milestones (POAM).
POAM Completion Date	Required	If POAM exists, enter the overall completion data for the POAM.

Supplier Compliance Supplement		
Data Field	**Is Data Field Required or Optional?**	**Data Field Description**
Part 3 – Additional Comments		
Additional Comments	Optional	Enter any additional comments in this area.

Instructions For Use
This template is designed for ease of use. Use the Supplier Compliance Supplement (MS Excel) Template located at link below to complete the Supplier Compliance Supplement requirement. https://www.mda.mil/global/documents/pdf/IMCP_Supplier_Compliance_Supplement.pdf Follow the Data Field Description provided as to the data expected for each of the data fields. Enter CAGE codes in text format following the Defense Logistics Agency's (DLA) Commercial and Government Entity (CAGE) or the United States government System for Award Management (SAM) valid values. Enter one of the following valid values for each data field: - Enter *** for data fields where there is no data available. This value is not allowed for required fields. - Enter "Not Applicable" for data fields not applicable. - Enter a value from the **Valid Value** list found under the corresponding Data Field Description. Otherwise, an appropriate entry in text format will be acceptable.
