DATA ITEM DESCRIPTION

Title: MAINTENANCE STATUS AND FORECAST REPORT

Number: DI-MGMT-82406
AMSC Number: F10386
DTIC Applicable: No
Preparing Activity: 11 (AFLCMC/WAME)
Applicable Forms: N/A

Approval Date: 20230407
Limitation: N/A
GIDEP Applicable: No
Project Number: MGMT-2023-005

Use/relationship: The Maintenance Status and Forecast Report (MSFR) provides a snapshot of the current condition of contractor-maintained aircraft, engines, and auxiliary mission equipment; including the expiration dates of any overfly waivers, calendar-based inspection due dates, flight-hours-based inspection due times, due dates/times of time-change items, and Time-Compliance Technical Order (TCTO) compliance status. The data will be used to facilitate efficient scheduling of maintenance events including effective utilization of maintenance resources (manpower and facilities).

This DID contains the format, content, and intended use information for the data deliverable resulting from the work task described in the solicitation.

Requirements:

1. Reference documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as specified in the contract.

2. Format. The MSFR shall be in the contractor's format.

3. Content. The MSFR shall contain the following:

3.1 Aircraft and engine information to include manufacturer and applicable part number and serial number.

3.2 Aircraft and engine flight time and engine cycles.

3.3 Open maintenance discrepancies.

3.4 Technical Order prescribed flight-hour-based inspection due times within the next 100 flight-hours.

3.5 Technical Order prescribed calendar-based inspection due dates within the next 12 months.

3.6 Time-change items due dates/times.

3.6.1 Cartridge Actuated Devices/Propellant Actuated Devices (CAD/PAD) by aircraft and must include, but not limited to:

a. Part number.
b. National stock number (NSN).
c. Serial number.
d. Lot number.

Check the source to verify that this is the current version before use.

e. Replace cycle Date of Install (DOI).
f. Replace cycle Date of Manufacture (DOM).
g. Date of install.
h. Date of manufacture.
i. Expiration date.
j. Location on aircraft (forward seat, aft seat).
k. Geographic location of CAD/PAD.
l. Ordering forecast of asset quantities to support the annual data call.

3.7 TCTO status, due dates, and any applicable waivers/extensions.

3.8 Copies of any contractor-initiated -107T waivers to overfly due dates or times as defined in TO 00-25-107 or fly with a Red X condition as defined in TO 00-20-1. (Copies of these Technical Orders are available online at https://www.tinker.af.mil/Resources/Technical-Orders/.)

3.9 Summary of CAD/PAD temporary extensions requested and/or approved, with extension expiration dates.

3.10 Listing of Alternate Mission Equipment (AME) (pylons, adapters, fuel tanks, etc.) and status.

3.11 Parts on order for unscheduled maintenance to include:

a. Requisition number.
b. Nomenclature.
c. Part Number.
d. NSN.
e. Quantity on order.
f. Estimated ship date.
g. Mark For/Aircraft ordered against.
h. Geographic location of shipment.

End of DI-MGMT-82406.
