DATA ITEM DESCRIPTION
Title: NAVY OCCUPATIONAL DOSIMETRY SYSTEM (NODS) TECHNICAL DOCUMENTS

Number: DI-PSSS-82391
AMSC Number: N10343
DTIC Applicable: No
Preparing Activity: SH
Applicable Forms: N/A

Approval Date: 20220830
Limitation: N/A
GIDEP Applicable: No
Project Number: PSSS-2022-010

Use/Relationship: The Navy Occupational Dosimetry System (NODS) Technical Documents requested by the Government will supplement the necessary Objective Qualitative Evidence (OQE) required for the Navy Occupational Dosimetry System (NODS) Technical Basis.

This Data Item Description (DID) includes but it is not limited to Scientific Publications, National Voluntary Laboratory Accreditation Program (NVLAP) Proficiency Test Results, Measurement and Uncertainty Analysis and applicable IEC or 3rd Party Test Results.

This DID contains the format and content preparation instructions for the data product generated by the discrete Contract Line Item Number (CLIN) as delineated in the contract Statement of Work (SOW).

Requirements:

1. Reference Documents: N/A

2. Format: Navy Occupational Dosimetry System (NODS) Technical Documents shall be in the contractor's format.

3. Content: The Navy Occupational Dosimetry System (NODS) Technical Documents shall contain the following content:

    a. All Technical Documents shall contain a full description of the tests performed, including any test plans used during the test protocol.

    b. All Technical documents shall be provided with the final analysis and supporting data collected during the testing.

End of DI- PSSS-82391
