MIL-C-60580(MU)
AMENDMENT 1
15 February 1973

MILITARY SPECIFICATION

CIRCUIT CARD ASSEMBLY: 10547250
(MAIN - A5)

This amendment forms a part of Military Specification MIL-C-60580(MU) dated 18 June 1970.

Paragraph 4.3.4: Delete paragraph and substitute - "Certification.- Certification shall include test data and results for the characteristics specified below. Certification shall be provided prior to performing final acceptance inspection, and remain in effect throughout the performance of the contract. This does not relieve the contractor from inspection throughout the contract production, including recording data and results therefrom. Recorded data and results shall be made available to the Government upon request. A new certification shall be required whenever any change(s) occur in materials, manufacturing processes and techniques previously certified. Exception to the above may be provided by certification of compliance (COC) for those items for which the contractor cannot obtain recorded data, i.e., off the shelf items. This exception shall not apply without prior approval by Frankford Arsenal. Request for approval shall include item name, part number, identification of supplier, and justification for exception; and shall be forwarded to Commander, Frankford Arsenal, ATTN: SMUFA-Q4000."
