MIL-H-18970(Aer)
Amendment-2
16 April 1957
Superseding
Amendment-1
13 August 1956

MILITARY SPECIFICATION

HARNESS, PILOT'S SHOULDER SAFETY, STANDARD V TYPE

This amendment forms a part of
Military Specification MIL-H-18970(Aer)
of 11 July 1955, and has been approved
by the Bureau of Aeronautics,
Department of the Navy.

Page 1: In the lower right hand corner add "FSC 1680."

Page 2: In the parenthetical "sources" note at the top of the page delete "U. S. Naval Air Station Johnsville, Pennsylvania, Attention: Technical Records Division" and substitute "Naval Aviation Supply Depot, 700 Robbins Avenue, Philadelphia 11, Pa., Attention: Code CUPT."

Page 2, paragraph 3.4: Delete the entire paragraph and substitute the following: "3.4 Marking - Each shoulder harness shall be identified by a label in accordance with Specification MIL-L-15040 Type I, Size 1. The label shall be sewed on the outside of the webbing on either of the non-adjustable straps of the harness. The label shall contain the following information:

Harness, Pilot's Shoulder Safety, Standard V Type
MS16068 -1
Contract Number
Manufacturer's Name
Date of Manufacture"

Page 3, paragraph 4.2.1: Delete "Samples shall be forwarded to the Naval Aircraft Factory, Naval Air Material Center, Philadelphia 12, Pa." and substitute the following: "Samples shall be forwarded to the Supply Officer, Naval Air Material Center, Philadelphia 12, Pa., Attention: Director, Air Crew Equipment Laboratory."

Page 3, paragraph 4.2.2: Add the following new sentence: "In addition, one assembly out of every 1000 submitted for acceptance shall be subjected to the Ultimate Load test."

Page 3, paragraph 4.3.1.1: Add the following new sentence: "Harnesses subjected to the Ultimate Load test shall not be shipped under contract."

NOTE: This Amendment deletes the qualification requirements contained in paragraphs 6.3 and 6.3.1 of Amendment-1 dated 13 August 1956. The preproduction testing requirements contained in the basic specification are applicable. Alteration of the inspection test requirements is not intended.
