5.2.2.1 Immediate containers. Delete the first sentence beginning with "Immediate containers for size 1...."and ending with "in its own compartment" and substitute the following: "Immediate containers (strip pockets) for size 1 shall comply with the following: Twenty-five (25) tablets shall be packaged in a commercially available, continuous roll strip package. Each tablet shall be sealed in its own pocket and so designed that the end pocket can be removed and the seal on the adjoining pocket shall not be disturbed. The individual pockets shall be consecutively numbered from one (1) to twenty-five (25). One roll of twenty-five tablets shall be contained in a carton (box) so designed as to be tamperproof, as specified. The numbers on the strip package roll shall be in reverse order so that the first pocket removed shall be number twenty-five (25) and the second number shall be twenty-four (24), etc. The carton (box) shall have one transparent plastic window on the side opposite that of the label. Four such packs shall constitute the unit of issue. As an alternate, may be one tamperproof box containing reverse numbered strip of one hundred."
