COMMERCIAL ITEM DESCRIPTION

CAKE, FROZEN, INDIVIDUALLY PACKAGED

The U.S. Department of Agriculture has authorized the use of this Commercial Item Description in lieu of Type II of Military Specification MIL-C-35075; Cake, Fresh, Baked, and Cake, Frozen, Baked.

Salient Characteristics

The cake shall have been fully baked in a round pan, loaf pan or sheet pan, as specified in the contract agreement and individually packaged. It shall not be soggy or scorched and have a flavor characteristic of the particular type of cake and icing (specified). The cake and icing (if specified) shall not exhibit any cracks or dryness. If frosting is specified, it shall not adhere to the packaging material. When specified in the contract agreement, the cake shall contain fruits, candied fruits, chocolate pieces, candy pieces, walnuts, pecans, spices or coconut. After baking, the fresh cake shall be placed in a freezer within 6 hours after baking and frozen to a maximum of 0°F (-18°C) within 4 hours after being placed in the freezer. Age of frozen product at time of shipment shall not exceed 45 days; shipping and storage temperature shall not exceed 0°F (-18°C). The net weight of the cake shall be as specified in the contract agreement. All deliveries shall conform in every respect to the provisions of the Federal Food, Drug, and Cosmetic Act, and regulations promulgated thereunder.

Contractor's Certification

The contractor shall certify that the product offered meets the salient characteristics of this Commercial Item Description; conforms to the producer's own specifications and standards, including product characteristics, manufacturing procedures, quality control procedures and storage and handling practices; is the same product sold on the commercial market; has a national or regional distribution from storage points located within the United States, its territories, and possessions; and is sold on the commercial market with commercial sales to the public predominating over sales to the U.S. Government. The Government reserves the right to require proof of such conformance prior to the first delivery. Thereafter, proof may be provided according to contract provisions.

Packaging

A. Commercial packaging. The cake shall be packaged in accordance with commercial practice. The package shall afford adequate protection against deterioration and physical damage during shipment from the supply source to the first consuming activity.

B. Commercial packing. Packing shall be in accordance with commercial packing complying with Uniform Freight Classification or National Motor Freight Classification, as applicable.

C. Labeling. Labeling of packages shall be in accordance with commercial practice and shall comply with the Federal Food, Drug, and Cosmetic Act and regulations promulgated thereunder. The label shall include, in an easily discernible location, the cake and icing flavors and the month and day (may be abbreviated) of production.

D. Marking. Commercial markings for shipping containers are acceptable, provided the following information is included:

National Stock Number
Item Description
Quantity, Unit of Issue
Date of Pack (month, day, and year of Julian date) 1/
Contract Number
Name, Address, and Zip Code of Manufacturer

1/ Date packed is the date on which the cake was packaged in the primary unit container.

Shipping containers shall be marked on top with the following precautionary markings, in letters not less than 1 inch high:

KEEP FROZEN (0°F or Below)

Notes.
