COMMERCIAL ITEM DESCRIPTION

PADS, KNEE, INDUSTRIAL

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers industrial knee pads.

Salient characteristics:

Solid rubber bottoms, corrugated, with inner cushion or pad. Two adjustable web straps with buckles or closures to hold knee pads in place.

Workmanship. The finished knee pads shall be clean, well made and free from any defects which may affect appearance or serviceability.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, packing, and marking. The items shall be packaged in accordance with normal commercial practice and packed to assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked as specified in the contract or order.
