COMMERCIAL ITEM DESCRIPTION

HEADBAND, SWEAT

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers sweat headbands.

Salient characteristics:

Made of cellulose sponge pad with rubber headband; non-toxic, non-irritating; ends reinforced to prevent tearing (optional); sponge pad may be slit for headband removal. Minimum dimensions; 7" x 1-11/16" x 3/16" thick.

Workmanship. The finished headband shall be clean, well made and free from any defect which may affect appearance or serviceability.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specification, standards and quality assurance practices, and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered materials. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, packing and marking. The packaging and packing shall be in accordance with normal commercial practice and shall assure acceptance by common carrior and provide product protection against loss and damage during multiple shipments, handling and storage. The shipping container shall be in compliance with the National Motor Freight Classification and Uniform Freight Classification. Marking shall be as specified in the contract or order.
