COMMERCIAL ITEM DESCRIPTION

FOOD HANDLER'S PAPER CAPS

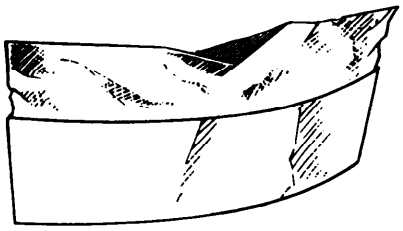

The General Services Administration has authorized the use of this commercial item description in lieu of Federal Specification UU-C-1387.

Salient characteristics:

Food handler's adjustable paper caps shall be white in color and either of the two styles shown below:

Skull

Overseas

Headband. Continuously adjustable from head sizes 6-7/8 to 7-1/2 inclusive (see note). Readjustable for proper fit. Adjusting instructions printed on inside. Coating (if used) to be odorless, tasteless, colorless, free from dirt and foreign material, and shall not soften, peel, or flake off.

Seams:

Either sewn or bonded.
Stronger than the paper united.
Shall not unravel or separate during use.
Sewn seams not to extend beyond edge of cap.
Bonded seams shall not separate without tearing or leaving a residue of paper or fibers on the adhesive.

Workmanship. Cap to be free from holes, tears, cuts, dirt, or foreign material.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices and is the same product offered for sale in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Recovered materials. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, packing, and marking. The food handler's caps shall be packaged in accordance with normal commercial practice and packed in fiberboard boxes that will assure acceptance by common carrier and provide product protection against loss and damaged during multiple shipments, handling, and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Marking shall be in accordance with the contract or order.

Unitization. The packed caps shall be unitized to facilitate handling by forklift truck in accordance with commercial practice. The unitized load shall not exceed 2,500 lb in weight, 63 inches in height, 56 inches in length, and 45 inches in width.

Note. When adjusted to size 6-7/8, the circumference of the band shall be 21-5/8 $\pm$ 1/4 inch. When fully expanded to size 7-1/2, the circumference of the band shall be 23-1/2 $\pm$ 1/4 inch.
