3. REQUIREMENTS

3.1 Material. — Grains shall conform in every respect to the requirements for the kind, class, subclass, grade, and special grade specified, as defined in the Official Grain Standards of the United States in effect on date of invitation for bids.

3.2 Federal Food, Drug, and Cosmetic Act. —All deliveries shall conform in every respect to the provisions of the Federal Food, Drug, and Cosmetic Act, and regulations promulgated thereunder.

3.3 Workmanship.—Grains shall be packaged and loaded for shipment uniformly in regard to quality and in accordance with good commercial practice.

4. SAMPLING, INSPECTION, AND TEST PROCEDURES

4.1 Samples for Government analysis.— Samples for inspection purposes shall be obtained in accordance with the instructions and procedure issued pursuant to the Regulations of the Secretary of Agriculture under the United States Grain Standards Act as Amended.

4.2 Inspection.—Inspection shall be made in accordance with the provisions of the United States Grain Standards Act, and the regulations of the Secretary of Agriculture thereunder.

4.3 Tests.—All tests required to determine the kind, grade, and any applicable class, subclass, and special grade of grains shall be made in accordance with the instructions and procedure issued pursuant to the Regulations of the Secretary of Agriculture under the United States Grain Standards Act as Amended. Any additional tests which may be required by the purchasing agency shall be made, if applicable, in accordance with the methods of the Association of Official Agricultural Chemists in effect on the date of invitation for bids.

5. PREPARATION FOR DELIVERY

5.1 Packaging. — Unless otherwise specified, commercial packaging is acceptable.

5.2 Packing.—Grains shall be prepared for shipment to permit acceptance by carrier for transportation at the lowest applicable rate, and to afford maximum protection from normal hazards of transportation.

5.3 Marking.

5.3.1 *Issue packages.* — Unless otherwise specified, issue packages shall be marked with the name and class of material, the quantity contained therein, and the names of the contractor and manufacturer.

5.3.2 *Shipping containers.*—Unless otherwise specified, shipping containers shall be marked with the name and class of material as defined by the contract or order under which the shipment is made, the quantity of each type contained therein, the name of the contractor, the number of the contract or order, the name and address of the consignee, the gross weight, and the month and year of packaging.

6. NOTES

6.1 Ordering data. — Purchasers should specify the kind, class, subclass, grade, and special grade of grains required and should exercise any desired options offered herein. (See 1.1, 5.1, 5.3, and 7.2.)

Patent notice.—When Government drawings, specifications, or other data are used for any purpose other than in connection with a definitely related Government procurement operation, the United States Government thereby incurs no responsibility nor any obligation whatsoever; and the fact that the Government may have formulated, furnished, or in any way supplied the said drawings, specifications, or other data, is not to be regarded by implication or otherwise as in any manner licensing the holder or any other person or corporation, or conveying any rights or permission to manufacture, use, or sell any patented invention that may in any way be related thereto.
