DATA ITEM DESCRIPTION
Title: TASK CLOSURE RECORD REQUEST

Number: DI-MGMT-82198
AMSC Number: N9917
DTIC Applicable: N/A
Preparing Activity: SH
Applicable Forms: N/A

Approval Date: 20180417
Limitation: N/A
GIDEP Applicable: N/A
Project Number: MGMT-2018-023

Use/Relationship: The Task Closure Record Request provides a permanent and static record of the contractor's accomplishments under the task, and NSWC, Corona approval thereof.
This data item description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.

Requirements:

Format. The Task Closure Record Request shall be presented using NSWC approved contractor format.

Content. The Task Closure Record Request shall include a request to close the task. It shall include the following:

Contractor Site Manager's signature and shall be addressed to the government on site manager.

Task number and title, work order number, and table that shows a list of deliverables.

Indication of completion of each item in the task request, or an explanation of why the item was not completed.

A summary of all costs incurred in the completion of the task, including labor, materials, subcontract fees, etc.

A certification from the contractor's Engineering Manager that any resulting configuration changes have been recorded in accordance with the Engineering and Configuration Management Plan.

A request for approval to the government's on site manager to close the task, and a summary of the task's information (task number, title, and work order number).

Attachments that include screen shots of cost information, e-mail messages, etc. when applicable.
