DATA ITEM DESCRIPTION
Title: OCCUPATIONAL SAFETY AND HEALTH PLAN

Number: DI-SAFT-82193
AMSC Number: N9910
DTIC Applicable: N/A
Preparing Activity: SH
Applicable Forms: N/A

Approval Date: 20180322
Limitation: N/A
GIDEP Applicable: N/A
Project Number: SAFT-2018-002

Use/Relationship: The Occupational Safety and Health Plan will provide the Government with description of the tasks and activities required to meet the Occupational Safety and Health Program requirements at the Combined Tactical Training Ranges (CTTR).

This data item description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task requirement as delineated in the contract.

Requirements:

1. **Reference documents**. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendment and revision shall be as reflected in the contract.

2. **Format**. The plan shall be in contractor format.

3. **Content**. The Occupational Safety and Health Plan shall include the following:

a. Documented process and description to ensure continuing regulatory compliance with safety and health regulations.
b. Description of the closed loop corrective action system approach to prevent reoccurrences.
c. Safety Administration
d. Safety Training
e. Safety Education and Promotion
f. Safety Engineering
g. Safety Equipment, Standards, and Codes
h. Inspections
i. Accident/Incident Investigation and Reporting
j. Accident Analysis
k. Fire Prevention and Suppression
l. Personnel Assignments
m. Hazard Detection, Analysis, and Reporting
n. Emergency Evacuation

4. The Plan shall include the training program that will be implemented to ensure safety at the Combined Tactical Training Ranges (CTTR). The training program description shall include the following:
