COMMERCIAL ITEM DESCRIPTION

CARBINOXAMINE MALEATE, DEXTROMETHORPHAN HYDROBROMIDE, AND PSEUDOEPHEDRINE HYDROCHLORIDE ORAL SOLUTION

The General Services Administration has approved the use of this Commercial Item Description.

Salient characteristics.

Shall be Carbinoxamine Maleate, Dextromethorphan Hydrobromide and Pseudoephedrine Hydrochloride Oral Solution.

Shall contain 2 mg of Carbinoxamine Maleate, 4 mg of Dextromethorphan Hydrobromide and 25 mg of Pseudoephedrine Hydrochloride in each ml, within the applicable assay limits for the solution.

All ingredients shall be of a pharmaceutical grade.

Workmanship. The solution shall be free from defects which detract from its appearance or impair its serviceability.

Unit. Package (PG). Shall be supplied 30 ml in a commercially available bottle with child resistant safety closure and a calibrated dropper. The package shall have a tamper evident seal either inner or outer. The package shall have a minimum height of 51 mm base to shoulder. One package, as specified, constitutes one unit.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor Certification. The contractor shall certify and maintain substantiating evidence that the product offered meets the salient characteristics of this Commercial Item Description, and that the product conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug, and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered material. The offeror/contractor is encouraged to use recovered material in accordance with Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to the degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

Ordering data. Expiration dating required, intermediate/exterior package quantities and labeling and marking must be specified in the contract and/or order.

NOTE: The following National Stock Number is covered by this document:

NSN	ITEM IDENTIFICATION
6505-01-141-0823	CARBINOXAMINE MALEATE, DEXTROMETHORPHAN HYDROBROMIDE AND PSEUDOEPHEDRINE HYDROCHLORIDE, ORAL SOLUTION, 30 ml.
