INTERIM COMMERCIAL ITEM DESCRIPTION

DOXORUBICIN HYDROCHLORIDE FOR INJECTION, USP

The General Services Administration has authorized the use of this Interim Commercial Item Description which was developed by the Defense Personnel Support Center, Directorate of Medical Materiel, DPSC-RST, 2800 South 20th Street, Philadelphia, PA 19101, based upon currently available technical information.

Salient characteristics:

Shall be lyophilized Doxorubicin Hydrochloride for Injection, USP.

All ingredients shall be of pharmaceutical grade.

Shall be in accordance with the requirements of the USP.

The Lyophilized solid shall dissolve completely in 30 seconds, leaving no visible residue when reconstituted in accordance with the manufacturer's directions.

For Strength 1, shall contain 10 mg of Doxorubicin Hydrochloride per vial, within the applicable assay limits.

For Strength 2, shall contain 50 mg of Doxorubicin Hydrochloride per vial, within the applicable assay limits.

Workmanship. The injections shall be free from defects which detract from their appearance or impair their serviceability.

Unit.

For Size 1, Package (PG). Shall be supplied in a 10 ml commercially available vial. One package containing 10 vials, as specified, constitutes one unit.

For Size 2, Vial (VI). Shall be supplied in a 50 ml commercially available vial. One vial, as specified, constitutes one unit.

AMSC/NA FSC 6505

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

Contractor certification. The contractor shall certify that the product offered meets the salient characteristics of this description and conforms to the producers' own drawings, specifications, standards, and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements.

Federal Food, Drug and Cosmetic Act. If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials. The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580, as amended, and as implemented by Federal Acquisition Regulation Subpart 23.4 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking. Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.

NOTE: The following National Stock Numbers are covered by this document:

NSN	ITEM IDENTIFICATION	SIZE
