NO SUPERSEDING STANDARD

MATERIAL: The cylinders are made of molded polyethylene.

DESIGN: The cylinders have molded-in graduations, calibrated to contain or deliver (TC/TD), with pourout lip and an optional base. Each cylinder has enlarged funnel shaped top for easy filling.

NOTE: 1. Items differing from this military standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements as specified herein.
