MS 36097-20 cancelled without replacement

Material: Filter paper shall be composed of 100 percent fully bleached fibers.

Design: Filter paper shall be round flat disks and may be folded or unfolded. MS36097-16, MS36097-17, MS36097-29 and MS36097-35 shall have a hardened surface to permit scraping off precipitates.

NOTE: Items differing from this military standard by minor variations in design or dimensions are considered standard under this document provided such variations do not affect performance and are not in conflict with the material requirements as specified herein.

© ENTIRE STANDARD REVISED

APPROVED 28 JUNE 1961 REVISED © 7 DECEMBER 1973

This military standard is approved by the Department of Defense and is mandatory on all activities. Selection for all new engineering and design applications and for repetitive use shall be made from this document.
