LLL-A-650b
INT. AMENDMENT-1(GSA-FSS)
November 5, 1965

INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

ARCH AND CLIP BOARD FILES, WOOD OR

COMPOSITION HARDBOARD BACK

This interim amendment was developed by the Standardization Division, Federal Supply Service, General Services Administration, Washington, D. C. 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification LLL-A-650b, dated May 20, 1959.

PAGE 1

Paragraph 2.1: Federal Specifications: Delete: "LLL-H-35-Hardboard, Fibrous-Felted (Fiberboard)." and substitute: "LLL-B-810 - Building Board, (Hardboard) Hard Pressed, Vegetable Fiber."

PAGE 2

Paragraph 3.1.2: Delete text in its entirety and substitute "Composition hardboard used in the construction of the board files shall conform to Federal Specification LLL-B-810, Type I or II - Standard or Tempered, Surface 2 - Smooth two sides, Finish A - Surface unfinished, Design a - Board plain.

Paragraph 3.2.2: Delete text in its entirety and substitute "The class B back shall be made of smooth two sides hardboard specified in 3.1.2, which is of 1/8 inch nominal thickness designation (0.115 inch min. to 0.155 max.)"

PAGE 4

Paragraph 3.5: Delete text in its entirety and substitute "All exposed metal parts, except corrosion resistant steel, shall be treated to resist corrosion and when tested as specified in 4.3.1 the treated metal parts, except the ends of the spring, shall shown no evidence of corrosion. Evidence of rust, encrustations or other corrosion products shall be considered defects but stains deposited during testing, and beneath which there is no evidence of corrosion of the basis metal, shall not be considered corrosion products. Wood parts shall have a lacquer or varnish finish."

PAGE 6

Paragraph 4.3.1: Add to the last sentence "and examined for compliance with the requirements of 3.5."

Paragraph 4.3.2: Delete in its entirety.

Paragraph 5.3.2: Delete the text in its entirety and substitute subparagraphs as follows:

5.3.2.1 Type I, arch board. Six (6) type I, arch boards with perforator or 12 type I, arch boards without perforator shall be packed in a close-fitting box conforming to PPP-B-636, class domestic. The box shall be closed in accordance with the appendix to the box specification.

5.3.2.2 Type II, clip board. Twenty-four (24) type II, clip boards of like description shall be packed in a close-fitting box conforming to PPP-B-636, class-domestic. The box shall be closed in accordance with the appendix to the box specification.

Insert new paragraph as follows:

5.3.4 Standard Pack (Civil Agency Procurement.) The Standard Pack for civil agency procurements shall be as specified in paragraph 5.3.2.
