C-C-678C
Interim Amendment-1(Army-GL)

December 11, 1974

INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

CREAM, SOUR, CULTURED OR ACIDIFIED

This interim amendment was developed by the US Army Natick Laboratories(GL), Natick, MA 01760, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal specification C-C-678C, dated December 10, 1973."

PAGE 3

2.1, under "U.S. Department of Agriculture." Delete last entry and source paragraph.

PAGE 5

3.1.3, lines 6 through 10, third sentence. Delete and substitute: "The nonfat dry milk product at the approximate time of use shall be free from lumps, except those which break up readily under slight finger pressure. Additionally, the product, when reconstituted at the ten percent level with clean, potable drinking water, shall have a sweet and desirable flavor."

PAGE 7

3.3.2 Delete all except heading and footnote and substitute:

	" Types I and II, Classes 1 and 2
Milkfat (not less than) (percent)	18
Phosphatase activity	Less than 1 mcg of phenol per ml of product
