Data Item Description

Title: GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) FINANCIAL MODEL

Number: DI-FNCL-82543
AMSC Number: N10664
DTIC Applicable: N/A
Preparing Activity: AS
Applicable Forms: N/A

Approval Date: 20260511
Limitation: N/A
GIDEP Applicable: None
Project Number: FNCL-2026-002

Use/Relationship: The Financial Model will provide an adequate basis on which unit price, cancellation ceilings, profit-sharing, and other elements of Cancellation Ceiling and Investment Recovery and Proposal and Pricing can be finalized.

This DID contains the format and content preparation instruction for the data product result from the work task described in the contract Statement of Work (SOW).

Requirements:

1. Reference documents.

2. Format.

2.1. The GAAP shall be delivered in electronic format (e.g. excel or PDF) to ensure compatibility with government systems

2.2. The Facilitation schedules shall be delivered in MS projects

3. Content.

3.1. Within twenty-five (25) business days of execution of this Agreement, the Contractor shall deliver to the Government a notional Generally Accepted Accounting Principles (GAAP) financial model for the MYP Contract (the Financial Model) that covers 2025 through the term of the MYP Contract and includes comparable financials for the 2025 and 2026 MYP contracts. The Financial Model will be refined and finalized as agreements with Suppliers are negotiated and finalized. A Contractor certified Financial Model shall be incorporated into the MYP Contract at award (or defeminization, as applicable).

3.2. Content Requirements:

3.2.1. The GAAP shall include the following components:

3.2.1.1. An income statement through Program earnings before interest, taxes, depreciation, and amortization (EBITDA)
