SS-C-621
CANCELLATION
December 19, 1985

FEDERAL SPECIFICATION

CONCRETE MASONRY UNITS, HOLLOW (AND SOLID, PREFACED AND UNGLAZED)

This cancellation is approved by the Commissioner, Federal Supply Service, General Services Administration.

Federal Specification SS-C-621B, dated January 19, 1968, is hereby canceled.

The American Society for Testing and Materials (ASTM) Standard C 90, Hollow Load-Bearing Concrete Masonry Units, adequately covers the requirements for Types I and II, Class 1.

The American Society for Testing and Materials (ASTM) Standard C 145, Solid Load-Bearing Concrete Masonry Units, adequately covers the requirements for Types I and II, Class 2.

The American Society for Testing and Materials (ASTM) Standard C 129, Non-Load-Bearing Concrete Masonry Units, adequately covers the requirements for Types I and II, Class 3.
