SS-P-372A
CANCELLATION
October 26, 1972

This cancellation was approved by the Commissioner, Federal Supply Service, General Services Administration, Washington, DC 20406.

Federal Specification SS-P-372A, dated January 11, 1966, and Interim Federal Specification SS-P-00372B(GSA-FSS), dated December 9, 1966, are hereby cancelled due to insufficient procurement requirements for this item. Any future procurement should be referenced to the American Concrete Pipe Association Standard 346-70, Pipe, Concrete (Nonreinforced, Cast-In-Place), for material and testing requirements.
