QQ-T-570
CANCELLATION
June 17, 1987

FEDERAL SPECIFICATION

TOOL STEEL, ALLOY

This cancellation is approved by the Commissioner, General Services Administration, Federal Supply Service, Washington, DC 20406.

Federal Specification QQ-T-570C, dated April 26, 1977 is hereby cancelled.

The American Society of Testing and Materials (ASTM) Standard A681, Standard Specification for Tool Steels Alloy, covers the requirements for this material and is to be used instead of Federal Specification QQ-T-570C.
