ADOPTION NOTICE

SISO-STD-003.1, “Guide for Base Object Model (BOM) Use and Implementation,” was adopted on September 8, 2006, for use by the Department of Defense (DoD). Proposed changes by DoD activities must be submitted to the DoD Adopting Activity: Defense Modeling and Simulation Office, Attn: Standards, 1901 N. Beauregard Street (Suite 500), Alexandria, VA 22311-1705. Copies are freely available from the Simulation Interoperability Standards Organization at http://www.sisostds.org/ .

Base Object Models developed are tools for the development of components of a modeling and simulation federation. They support composability, reuse and metadata requirements. SISO-STD-003.1 provides guidance for the development and application of BOMs which are developed in accordance with SISO-STD-003.
