After 4.1: Add the following paragraph:

"4.1.1 Responsibility for compliance. All items must meet all requirements of section 3 and 5. The inspection set forth in this specification shall become a part of the contractor's overall inspection system or quality program. The absence of any inspection requirements in the specification shall not relieve the contractor of the responsibility of assuring that all products or supplies submitted to the Government for acceptance comply with all requirements of the contract. Sampling in quality conformance does not authorize submission of known defective material, either indicated or actual, nor does it commit the Government to acceptance of defective material."

4.2, Line 2: Delete "acceptance" and substitute "quality conformance".

4.3: Add the following to the end of the paragraph:

Inspection	Requirement paragraph	Test paragraph
