DATA ITEM DESCRIPTION

Title: ACCEPTANCE INSPECTION EQUIPMENT REPORT

Number: DI-MGMT-81979
AMSC Number: N9532
DTIC Applicable: No
Preparing Activity: SH
Applicable Forms:

Approval Date: 20150714
Limitation:
GIDEP Applicable: No
Project Number: MGMT-2015-010

Use/relationship: The Report on Acceptance Inspection Equipment/Automated Acceptance Inspection Equipment (AIE/AAIE) will provide comprehensive documentation of the required inspection test equipment to be used in final inspection of a product.

This Data Item Description (DID) contains the format and content preparation instructions for the data product generated by the specific and discrete task requirements as delineated in the contract.

Requirements:

1. Reference Documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as cited in the current issue of DODISS at the time of the solicitation; or, for non DODISS-listed documents, as stated herein.

2. Format. The Report shall be in contractor format.

3. Content. The Report shall include a cover page specifying the following elements:

    a. Title of submission.

    b. Contractor's company name and CAGE Code.

    c. Item name or drawing nomenclature.

    d. Contract Number.

    e. Document revision (first revision will be indicated with a "-").

    f. Date of submission.

    g. Signature block with both typed and signature of submitter.

3.1 The Report shall contain a list of all inspection/testing equipment required by the technical data package to inspect all characteristics, including the following:
