REQUIREMENTS:

Clamps shall be in accordance with figure 1 and table I.

Material carbon steel shall be in accordance with FF-C-450, type I, class I.

Finish Code	Finish
A	Protective coating shall be, mechanically deposited zinc coating in accordance with ASTM-B695, class 50, type II, or zinc coated (hot dip galvanized) in accordance with ASTM-A153/A153M or zinc coated (electrodeposited) in accordance with ASTM-B633, Fe/Zn 5, type VI.
C	Cadmium plated, in accordance with SAE AMS-QQ-P-416, type II, class 3.
Z1	Zinc coating, hot-dip, in accordance with ASTM-A153/A153M
Z2	Zinc coating (electrodeposited) in accordance with ASTM-B633, Fe/Zn 5, type VI. (protects to120hr in salt spray in accordance with ASTM-B117 and environmentally friendly)
Z3	Zinc coating, mechanically deposited, in accordance with ASTM-B695, class 50, type II (Chromate)
Z4	Zinc coating, mechanically deposited, in accordance with ASTM-B695, class 50, type I (Plain zinc; lowest cost protection, but may be environmentally friendly)

Environmental safety note:

If at all possible and for a safer environment, do not use cadmium or chromate conversion. Recommend to use "Z2" ASTM-B633, Fe/Zn 5, type VI.

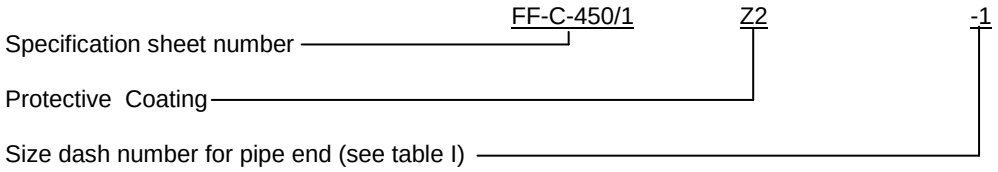

Threads shall be in accordance with FF-C-450.

Marking shall be in accordance with FF-C-450.

For design feature purposes, this specification takes precedence over acquisition documents referenced herein.

In the event of a conflict between the text of this specification sheet and the references cited herein, the text of this specification sheet shall take precedence.

Part or Identifying Number (PIN), sample:

Changes from previous issue. The margins of this specification are marked with vertical lines to indicate where changes from the previous issue were made. This was done as a convenience only and the Government assumes no liability whatsoever for any inaccuracies in these notations. Bidders and contractors are cautioned to evaluate the requirements of this document based on the entire content irrespective of the marginal notations and relationship to the last previous issue.
