AMENDMENT

TO

INTERIM FEDERAL SPECIFICATION

SHREDDING MACHINE, OFFICE TYPE,
CLASSIFIED WASTEPAPER, SECURITY

This amendment was developed by the Federal Supply Service, General Services Administration, Washington, D. C. 20406, based upon currently available technical information. The General Services Administration has authorized the use of this amendment as a valid exception to Interim Federal Specification FF-S-001169, dated July 5, 1971.

PAGE 1

Paragraph 1.1 - Delete text in its entirety and substitute the following:

"This specification covers paper shredding machines designed to conform to the standards for security equipment as set forth in the 'National Security Council Directive Governing The Classification, Downgrading, Declassification And Safeguarding Of National Security Information.' The machines are intended for use as specified in 6.1."

PAGE 2

Paragraph 2.1 Military Standards: Add "MIL-STD-461 - Electromagnetic Interference Characteristics, Requirements for Equipment."

Paragraph 3.3, line 12: Delete "and shall not create dust during the shredding operation".

PAGE 3

Paragraph 3.5: Delete lines 4 and 5 and substitute:

"Class I (cross cut) - Width of shreds not more than 1/32-inch, plus tolerance, and not more than 1/2-inch in length."

Add the following new paragraph:

"3.6.1 Electromagnetic interference suppression. The shredding machine shall comply with the requirements of MIL-STD-461 for class IIB equipment."

PAGE 4

Add the following new paragraph:

"4.3.3 Electromagnetic interference test. The shredding machine shall be tested for compliance with class IIB equipment as specified in MIL-STD-461."

Paragraph 4.6: Delete next to last sentence and substitute: "The machine shall operate throughout the test period without exceeding the sound level specified in 3.3."
