X-K-001274A(GSA-FSS)
AMENDMENT-1
June 15, 1972

AMENDMENT
TO
INTERIM FEDERAL SPECIFICATION

KIT, CLASSIFIED DOCUMENT DESTRUCTOR. DRUM TYPE

This amendment was developed by General Services Administration, Federal Supply Service, Standardization Division, Washington, DC 20406, based upon currently available technical information. The General Services Administration has authorized this amendment as part of Interim Federal Specification X-K-001274A(GSA-FSS), dated April 24, 1969.

PAGE 1

Paragraph 1.1-Delete text in its entirety and substitute the following:

"This specification covers a chemical loaded, document destructor kit which is designed to conform to the standards for security equipment as set forth in the 'National Security Council Directive Governing The Classification, Downgrading, Declassification And Safeguarding of National Security Information.' The destructor kit is considered an expendable item fot use in emergency conditions."
