MATERIAL: The bottles shall be made from the material as indicated in the table. The material identification symbols are as follows:

CPE - Polyethylene (Low Density)
LPE - Polyethylene (High Density)
PP - Polypropylene
PMP - Polymethylpentene
FEP - Fluorinated Ethylene Propylene
PVC - Polyvinyl Chloride

Screw caps shall be of molded polypropylene, phenolic resin or ethylene-tetrafluorethylene.

DESIGN: Bottles shall be conventional cylindrical shape, with a standard threaded neck to accomodate their respective cap sizes.

NOTES:
1. Items differing from this military standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements as specified herein.
2. For design feature purposes, this standard takes precedence over procurement document referenced herein.
3. Referenced document shall be of the issue in effect on date of the invitations for bid.
