FEDERAL SPECIFICATION SHEET

CYLINDER, COMPRESSED GAS;

DOT SPECIFICATION 3AA

AND ALUMINUM APPLICATIONS,

FOR INDUSTRIAL SERVICES

This specification was approved by the Commissioner, Federal Supply Service, General Services Administration, for the use of all Federal Agencies.

The complete requirements for procuring compressed gas cylinders, Specification DOT 3AA described herein, shall consist of this document and the issue in effect of Specification RR-C-901.

TABLE I

Part Number	Gas Service	Valve MIL-V-2	Service Pressure PSI	Capacity Cu Ft	Dimensions Inches Dia	H	Tare Max lbs	Water Capacity	USE

C901/1-18	SF6	V46-591	2265	250	9	51	125	2640	1

1. Used for general purpose transportation and storage of permanent and liquified gases as specified.
2. Used for military artillery accumulator.
3. Used in back-pack emergency cutting outfits.
4. Used in submarine welding and cutting outfits.
5. Trailer tubes, hemispherical at both ends, drilled and tapped to receive a valve and safety devices approved by the Bureau of Explosives of the Association of American Railroads: For use with gases as specified.
6. Used for general purpose, transportation and storage of permanent gases, but plugged for depot storage and issue.
7. Used for aviators breathing oxygen (ABO) only.

DESIGN REQUIREMENTS:

1. The cylinder shall be as specified in table I. All dimensions are in inches with tolerances for diameter plus or minus 1/4 inch and for height plus or minus 1 inch.
2. When aluminum cylinders are specified they shall conform to the issue of RR-C-901 in effect.
3. Aviator's Breathing Oxygen (ABO) cylinders, Dash 13, shall be cleaned and tested with dry and odor-free air. Valve outlets shall be kept free from contamination throughout testing and shall be supplied with a metal valve outlet cap in accordance with MIL-V-2.

INTENDED USE:

The cylinders covered in this specification sheet are intended for oxygen, air, argon, helium, nitrogen, hydrogen, and sulfur hexafluoride in high-pressure service, transportation, and storage, as specified, but not restricted to them.

INSTRUCTIONS In a continuing **effort** to make our standardization documents better, the DoD provides this form for use in submitting comments and suggestions for improvements. All users of military standardization documents are invited to provide suggestions. This form may be detached, folded along the lines indicated, taped along the loose edge *(DO NOT STAPLE)*, and mailed. In block 5, be as specific as possible about particular problem areas such as wording which required interpretation, was too rigid, restrictive, loose, ambiguous, or was incompatible, and give proposed wording changes which would alleviate the problems. Enter in block 6 any remarks not related to a specific paragraph of the document. If block 7 is filled out, an acknowledgement will be mailed to you within 30 days to let you know that your comments were received and are being considered.

NOTE This form may not be used to request copies of documents, nor to request waivers, deviations, or clarification of specification requirements on current contracts. Comments submitted on this form do not constitute or imply authorization to waive any portion of the referenced document(s) or to amend contractual requirements.
