RR-S-720
CANCELLATION
October 5, 1992

FEDERAL SPECIFICATION

STEPLADDERS AND PLATFORM LADDERS, ALUMINUM
MAGNESIUM, FIBERGLASS

This cancellation is approved by the Commissioner, Federal Supply Service, General Services Administration.

Federal Specification RR-S-720E, dated March 20, 1978, is hereby canceled. American National Standards Institute ANSI A14.5, Standard for Portable Reinforced Plastic Ladders, and Underwriters Laboratories UL 184, Standard for Safety, Portable Metal Ladders, will be used for future procurement. UL 184 replaces the Aluminum requirement of RR-S-720 and Aluminum will have to be specified on the ordering document as UL 184 does not contain specific design and construction requirements because of the variety of metals and design possibilities.

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.
