Check the source to verify that this is the current version before use.

Block 10, Preparation Instructions (Continued)

a. Government drawing number.

b. Drawing size.

c. Drawing title.

d. End item designation (e.g. weapon system) on which the drawing is used.

e. Whether the drawing number represents an existing drawing number, an assigned drawing number, or an unused drawing number.

10.4.1 The report shall include the contractor's name and address and the Government (prime) contract number for which the report is required.

10.5 Definitions. For the purposes of identifying drawing numbers as required in 10.4e above, the following definitions apply:

a. Existing drawing number - A drawing number identifying a drawing which was prepared outside the scope of the contract for which the report is required.

b. Assigned drawing number - A drawing number identifying a drawing prepared under the contract for which the report is required. It is a number allocated under the contract and used to identify a drawing.

c. Unused drawing number - A drawing number allocated under the contract but not used to identify a drawing.
