DATA ITEM DESCRIPTION

Title: DRAWING/Model NUMBER ASSIGNMENT REPORT
Number: DI-SESS-81011E **Approval Date:** 26Feb2013
AMSC Number: A9344 **Limitation:**
DTIC Applicable: **GIDEP Applicable:**
Office of Primary Responsibility: AR
Applicable Forms:
Use/relationship: The Drawing/Model Number Assignment Report provides the information necessary to maintain the Government's drawing/model number usage records.

a. This Data Item Description (DID) contains the format and content preparation instructions for a Drawing Number Assignment Report resulting from the work task described by 5.4.2 of MIL-STD-31000.

b. This DID may be applied whenever Government drawing numbers are allocated to a contractor for drawing identification.

c. This DID supersedes DI-SESS-81011D**.**

Requirements:

1. Reference Documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as cited in the ASSIST database, http://assist.daps.dla.mil, at the time of the solicitation; or, for documents not included in ASSIST, as stated herein.

2. General The Drawing/Model Number Assignment Report shall meet the requirements of MIL-STD-31000.

3. Format. The report shall be in the contractor's format.

4. Content. The report shall list all Government drawing numbers used or allocated under the contract in numerical sequence and identify the following for each number, as applicable:

a. Government drawing/model number. b.

Drawing size.

c. Drawing/model title.

d. End item designation (e.g. weapon system) on which the drawing/model is used.

e. Whether the drawing/model number represents an existing drawing/model number (A drawing/model number identifying a drawing which was prepared outside the scope of the contract for which the report is required.), an assigned drawing/model number (A drawing/model number identifying a drawing prepared under the contract for which the report is required. It is a number allocated under the contract and used to identify a drawing/model.), or an unused drawing/model number (A drawing/model number allocated under the contract but not used to identify a drawing/model.).
