COMMERCIAL ITEM DESCRIPTION

TORCH KIT, SOLDERING
(PROPANE GAS)

The General Services Administration has authorized the use of this commercial item description for all federal agencies.

1. SCOPE. This commercial item description (CID) covers a propane gas torch kit suitable for brazing, soldering, and heating.

2. CLASSIFICATION. The propane gas torch kit shall be of the type specified in this CID.

3. SALIENT CHARACTERISTICS

3.1 General requirements. The torch kit components shall conform to Underwriters Laboratories (UL) 147. The torch kit shall consist of a disposable fuel cylinder filled with propane gas, a burner unit with a pencil flame tip, and a flint lighter.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to: Defense Supply Center Richmond, ATTN: DSCR-VBD, 8000 Jefferson Davis Highway, Richmond, VA 23297-5610.

AMSC N/A FSC 3439

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

3.2 Components. The torch kit shall include, as a minimum, the following components:

3.2.1 Cylinder. Unless otherwise specified (see 7.2(b)), the fuel cylinder shall contain 14.1 ounces of propane gas. The threads of the cylinder shall conform to connection number 600 of Compressed Gas Association (CGA) Standard V-1.

3.2.2 Burner assembly. The burner assembly shall consist of a valve assembly, burner tube, orifice(s), and tip. Components shall be constructed of corrosion-resistant metal.

3.2.3 Pencil flame tip. The tip shall be compatible with the gas being used. If the tip requires a specific orifice for proper operation, the orifice shall be included with the tip. The pencil flame tip shall be capable of soft soldering 3/4-inch diameter copper pipe.

3.2.4 Flint lighter. Unless otherwise specified (see 7.2(c)), the lighter shall be the round file flint type.

3.2.5. Optional components. The following components shall be provided as specified (see 7.2(d)):

a. Heavy-duty tip (specify size).
b. Soldering tip (specify size).
c. Flame spreader.
d. Carrying case.

4. REGULATORY REQUIREMENTS

4.1 Recovered materials. The offeror/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

5. QUALITY ASSURANCE PROVISIONS

5.1 Product conformance. The product shall meet the salient characteristics of this commercial item description; conform to the producer’s own drawings, specifications, standards, and quality assurance practices; and be the same product offered for sale in the commercial market. The Government reserves the right to require proof of such conformance.

5.2. Warranty. Unless otherwise specified (see 7.2(e)), the manufacturer's standard commercial warranty, terms, and conditions shall apply.

6. PACKAGING. Preservation, packing, and marking shall be as specified (see 7.2(f)) in the contract or purchase order.

7. NOTES

7.1 Sources of referenced documents.

7.1.1 Government documents. Copies of paragraph 23.403 of the FAR may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

7.1.2 Nongovernment documents. Copies of industry (voluntary) standards referenced in this CID may be obtained from the following addresses:

Underwriters Laboratories (UL)

UL 147 Hand-Held Torches for Fuel Gases

Applications for copies should be sent to Underwriters Laboratories Inc., 333 Pfingsten Road, Northbrook, IL 60062-2096.

Compressed Gas Association

CGA V-1 Compressed Gas Cylinder Valve Outlet and Inlet Connections

Applications for copies should be sent to the Compressed Gas Association, Inc., 1725 Jefferson Davis Highway, Suite 1004, Arlington, VA 22202-4100.

7.2 Ordering data. Acquisition documents must specify the following:

a. Title, number, and date of this document.
b. Type and amount of gas, if different (see 3.2.1).
c. Type of lighter, if different (see 3.2.4).
d. Optional components, if required (see 3.2.5).
e. Warranty, if different (see (5.2)).
f. Packaging requirements, as specified (see 6).
