COMMERCIAL ITEM DESCRIPTION
RINGS, LOOSE-LEAF BINDERS

The General Services Administration has authorized the use of this Commercial Item Description by all federal agencies.

1. Scope: This Commercial Item Description covers loose-leaf binder rings made of steel.

2. Salient Characteristics:

2.1 Rings shall be circular in shape. Each ring shall consist of two halves fastened together by hinged joint construction with a rivet of a suitable commercial grade steel. Each ring half opposite the rivet shall have interlocking teeth designed to keep the ring securely closed. The dimensions of the ring are figured on the basis of the center part of the ring, left to right, with the riveted portion at the bottom center.

2.2 Rings and rivets shall be made of steel, having a hardness of not less than 65 on the Rockwell B scale, according to ASTM method E-18.

2.3 Ring sizes shall be as specified in Table I. Size is defined as the inside ring diameter. The rings shall have a bright finish.

2.4 Workmanship. Rings shall be free from defects which may adversely affect appearance or serviceability.

3. Regulatory Requirements: The offerer/contractor is encouraged to use recovered materials to the maximum extent practical, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to General Services Administration, Federal Supply Service, Engineering Branch, 26 Federal Plaza, New York, NY

Table I.

Ring Size	Diameter cm (inches)	Cross sectional diameter of ring stock minimum cm (inches)
1	2.54 cm=(1"+/-1/8")	0.279 cm=(0.11")
2	5.08 cm=(2"+/-1/8")	0.312 cm=(0.12")
3	7.62 cm=(3"+/-1/8")	0.431 cm=(0.17")

4. Quality Assurance Requirements:

4.1 Product Conformance. The products provided shall meet the salient characteristics of this commercial item description, conform to the producer's own drawings, specifications, standards and quality assurance practices and be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

5. Packaging: Preservation, packing, and marking shall be as specified in the contract or order.

6. Notes:

6.1 Source of Documents. The following documents form a part of the Commercial Item Description to the extent specified herein.

6.1.1 Federal Acquisition Regulation (FAR) may be obtained from the Superintendent of Documents, Government Printing Office, Washington. DC 20402.

6.1.2 Copies of the appropriate ASTM's may be obtained from the American Society for Testing Materials at 1916 Race Street, Philadelphia, PA 19103.

6.2 National Stock Number Listing (NSN's). The following is a list of NSNs assigned which correspond to this CID. The list may not be indicative of all possible NSNs associated with the CID.
