COMMERCIAL ITEM DESCRIPTION

LAMP, INCANDESCENT, 150 WATT, SPOTLIGHT, 150 PAR/SP

The General Services Administration has authorized the use of this commercial item description.

This commercial item description covers 150 watt, PAR-38 spotlight.

Salient characteristics:

PAR-38 bulb.
Medium skirted base.
CC-6 filament.
Gas filled lamp.
Maximum overall length - 5-5/16 inches.
Average life - 2,000 hours.
Initial lumens - 1,740 lumens.
Bulb dimensions shall be in accordance with ANSI C78.107.
The voltage shall be 120 volts or 125-130 volts as specified.

The issue of ANSI C78.107 in effect on the date of the solicitation shall be used to determine compliance with stated requirements.

Certification. The contractor shall certify that the product offered meets the salient characteristics of this description, and that the product conforms to the producer's own drawings, specifications, standards, and quality assurance practices, and is the same product sold in the commercial marketplace. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements. The manufacturer shall utilize recovered materials to the maximum extent practicable.

Packaging, packing, and marking. The items shall be packaged in accordance with normal commercial practice and packed to assure acceptance by common carrier and provide product protection against loss and damage during multiple shipments, handling, and storage. The shipping container shall be in compliance with National Motor Freight Classification and Uniform Freight Classification. Shipping containers shall be marked as specified in the contract or order.

Copies of ANSI C78.107 are available from the American National Standards Institute, 1430 Broadway, New York, NY 10018.
