O-T-620C
INT. AMENDMENT-1(GSA-FSS)
March 26, 1969

INTERIM AMENDMENT
TO

FEDERAL SPECIFICATION

1,1,1 -TRICHLOROETHANE, TECHNICAL

INHIBITED (METHYL CHLOROFORM)

This interim amendment was developed by General Services Administration, Federal Supply Service, Washington, D. C. 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification O-T-620C, dated September 13, 1967.

PAGE 9

Paragraph 5.4.3.2 Delete and substitute:

5.4.3.2 The following label shall appear prominently on each unit container and unit package of types II and III material. Each type III unit container shall be marked by lithograph, or silk-screen process. Over-labeling of already marked containers will be unacceptable.

1,1,1 - TRICHLOROETHANE

CAUTION

Use with adequate ventilation.
Avoid prolonged or repeated breathing of vapor.
Avoid prolonged or repeated contact with skin.
Do not take internally.

Paragraph 5.4.3.4.3 Delete and substitute:

5.4.3.4.3 Each container of type III material shall be labeled with the manufacturer's recommended use instructions to cover the following areas:

Typewriter cleaning.
Spot remover for clothing and furniture.
Cleaning assembled electronic equipment.

Instructions shall include required precautions for the above.
