INTERIM AMENDMENT

TO

FEDERAL SPECIFICATION

LADLES, KITCHEN, (CORROSION-RESISTING STEEL)

This interim amendment was developed by the General Services Administration Federal Supply Service, Washington, D. C. 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification RR-L-30A, dated October 20, 1967.

PAGES 4 and 5

Paragraph 3.8, delete and substitute the following:

3.8 Marking for identification. Each ladle handle shall be permanently marked with the capacity in ounces (oz.) and the manufacturer's name or trademark of such known character as to be readily identifiable with the manufacturer.

3.8.1 Military agencies. In addition, for Military procurements the ladles shall be permanently stamped in accordance with MIL-STD-130 with the letters U.S. of the size and location specified on figure 1. The surface opposite the stamp markings shall show no signs of penetration or uneveness, nor shall the stamp marking cause distortion of any part of the handle.

3.8.2 GSA procurements. The requirements of 3.8.1 shall not apply to GSA procurements.
