QUALIFIED PRODUCTS LIST OF PRODUCTS QUALIFIED UNDER SPECIFICATION

MILITARY ❑ FEDERAL

F-F-351

FILTERS AND FILTER ELEMENTS, FLUID, PRESSURE: LUBRICATING OIL, BYPASS AND FULL FLOW

F S C -

This list has been prepared for use by or for the Government in the procurement of products covered by the subject specification and such listing of a product is not intended to and does not connote indorsement of the product by the Department of Defense. All products listed herein have been qualified under the requirements for the product as specified in the latest effective issue of the applicable specification. This list is subject to change without notice; revision or amendment of this list will be issued as necessary. The listing of a product does not release the supplier from compliance with the specification requirements. Use of the information for advertising or publicity purposes is expressly forbidden.

The activity responsible for this Qualified Products list is US Army Tank-Automotive Command, Warren, MI 48090

QPL-F-F-351-11

GOVERNMENT DESIGNATION	MANUFACTURER'S DESIGNATION	'TEST OR QUALIFICATION REFERENCE	MANUFACTURER'S NAME AND ADDRESS

AS of February 1989, no Type 1, Class 1, Style B and Type III, throw away type oil filters have been tested and qualified under Federal Specification F-F-351. Pending the approval of Type I, Class 1, Style B and Type 111 oil filters for inclusion on the Qualified Producti List, the qualification requirements [Paragraphs 3.1 and 6.3) and the qualification tests of Federal Specification F-F-351 shall be waived *for procurement of Type I, Class 1,* Style B and Type III oil filters: however, Type I, Class 1, Style B and Type III oil filters furnished under Federal Specification F-F-351 shall be capable of meeting the qualification tests, and procuring agencies should require contractors to furnish preproduction samples of the oil filters that they propose to supply for Government inspection and contractual approval.
