QUALIFIED PRODUCTS LIST

OF

FSC 5130

PRODUCTS QUALIFIED UNDER FEDERAL SPECIFICATION

00-D-691

DRILL, PNEUMATIC, PORTABLE: AND BORER, WOOD PHEUMATIC

This list has been prepared for use by or for the Government in the procurement of products covered by the subject specification and such listing of a product is not intended to and does not connote endorsement of the product by the Department of Defense. All products listed herein have been qualified under the requirements for the product as specified in the latest effective issue of the applicable specification. This list is subject to change without notice; revision or amendment of this list will be issued as necessary. The listing of a product does not release the contractor from compliance with the specification requirements.

The **activity** responsible for this Qualified Products List is USA Belvoir Research, Development and Engineering Center, ATTN: STRBE-JC, Fort Belvoir, VA **22060-5606.**

NOTE : Approvals shown hereon are for basic tools. Approval includes all handles and throttle styles of listed tools. Purchasing activities should specify type of handle and throttle required.

NOTE : As of 15 May 1987 products for all classification combinations covered by Federal Specification 00-D-691E have not been tested and approved. Pending the inclusion of all Type-Style-Size-Speed-Reversible/Non-Reversible combinations on the Qualified Products list, the qualification requirements (see 3.2 and 6.3) shall be waived for acquisition of those classifications for which no products have been approved. However, contracting activities should require first article inspection invoking examinations and tests of 4.5, 4.6, and 4.7 of 00-D-691E. A copy of the first article test data, as certified to by the responsible Government inspector shall be forwarded to the applicable qualifying activity.
