HH-I-1030
CANCELLATION
February 21, 1985

FEDERAL SPECIFICATION

INSULATION, THERMAL (MINERAL FIBER,
FOR PNEUMATIC OR POURED APPLICATION)

This cancellation is approved by the Assistant Administrator, Office of Federal Supply and Services, General Services Administration.

Federal Specification HH-I-1030B, dated August 12, 1980, is hereby canceled.

The American Society for Testing and Materials (ASTM) Standard C 764, Mineral Fiber Loose-Fill Thermal Insulation, adequately covers the requirements for this material.
