COMMERCIAL ITEM DESCRIPTION
INKING PAD, RUBBER STAMP (FABRIC PAD)

The General Services Administration has authorized the use of this commercial item description by all federal agencies.

1. Scope: This Commercial Item Description covers two sizes of felt fabric inking pads in covered containers, for use with hand rubber stamps in general office use.

2. Classification:

Size: **I.** - 6.98 cm (2 3/4 in.) x 10.79 cm (4 1/4 in.)
II. - 8.25 cm (3 1/4 in.) x 15.87 cm (6 1/4 in.)

(A tolerance of ± .635 cm (1/4 in.) shall be permitted on each of the dimensions).

3. Salient Characteristics:

3.1 Pad containers shall be the manufacturer's commercial standard. The container base shall accommodate the respective size pad. Pad inserts shall not make contact with the cover, when closed. Each container shall be permanently and legibly marked with the name or trademark of the manufacturer.

3.2. Pads shall absorb and hold a sufficient amount of ink to avoid frequent re-inking. When the pads are re-inked, they shall absorb the ink readily.

3.3. When the stamp is applied to the inked pad with normal hand pressure, the face of the stamp shall be evenly inked and shall produce a sharp and uniformly intense impression. Surplus ink shall not adhere to the shoulder or sides of the type.

3.4. The assembled item shall be constructed in such a manner that the pads do not fall out during normal use.

Beneficial comments, recommendations, additions, deletions, clarifications, etc. and any data which may improve this document should be sent to General Services Administration, Federal Supply Service, Engineering Branch (2FYEE), 26 Federal Plaza, New York, NY 10278.

Check the source to verify that this is the current version before use.

3.5 **Workmanship:** The inking pads shall be free of any defects which may affect appearance or impair serviceability, including, but not limited to, superfluous coating of any kind, burrs, scratches, or discoloration, niches, dents, rough edges, scratches, crinkling, imbedded foreign matter, or any imperfections which will impair serviceability and adversely affect the appearance or which may constitute a personal hazard to the user.

4. **Regulatory Requirements:** The offerer/contractor is encouraged to use recovered materials to the maximum extent practicable, in accordance with paragraph 23.403 of the Federal Acquisition Regulation (FAR).

5. **Quality Assurance Requirements:**

5.1 **Product Conformance.** The products provided shall meet the salient characteristics of this commercial item description, conform to the producer's own drawings, specifications, standards and quality assurance practices and be the same product offered for sale in the commercial market. The government reserves the right to require proof of such conformance.

6. **Packaging:**

6.1 Preservation, packing, palletization and marking shall be as specified in the contract or order.

7. **Notes:**

7.1 Source of Documents. Issues of the following documents, in effect on the date of invitation for bids or request for proposal form a part of this document to the extent specified herein.

7.1.1 Federal Acquisition Regulation (FAR) may be obtained from the Superintendent of Documents, Government Printing Office, Washington. DC 20402.

7.2 **National Stock Number Listing (NSN's).** The following is a list of NSN's assigned which correspond to this commercial item description. The list may not be inclusive of all possible NSN's associated with the CID.
