MATERIAL: Watch glasses shall be made of borosilicate glass in accordance with ASTM E438, Type I, Class A.

DESIGN: Watch glasses shall be well-annealed, circular shaped, concave and shall have a uniform fire polished edge.

NOTES:
1. Watch glasses shall conform to applicable portion of Federal Specification DD-W-131.
2. Items differing from this Military Standard by minor variations in design or dimensions are considered standard under this document, provided such variations do not affect performance and are not in conflict with the material requirements specified herein.
3. For design feature purposes, this standard takes precedence over procurement documents referenced herein.
4. Referenced documents shall be of the issue in effect of date of invitations for bid.
5. FSCM: 08455, 14674, and 75278.
