COMMERCIAL ITEM DESCRIPTION

PADS, ISOPROPYL ALCOHOL IMPREGNATED

The General Services Administration has authorized the use of this commercial item description as a replacement for Veterans Administration Specification X-1161, which is cancelled and in preference to Military Specification MIL-P-36863.

This commercial item description covers an alcohol saturated pad. The pad is for use as a "prep" or wipe or local anti-infective on skin.

Salient characteristics: Pads, Isopropyl Alcohol Impregnated, saturated with sterile isopropyl rubbing alcohol, USP, individually packaged. Unit package of 100's.

Package is to be hermetically sealed to prevent leakage. This leakproof seal is to insure a shelf life of about three years. The alcohol-proof printing on the package should list contents. The printing should neither fade nor smear when rubbed with this pad for 15 seconds.

Size

1. Not smaller than 1 inch by 1-1/8 inches plus 1/8 inch minus 0 inch (2.54 cm by 2.86 cm plus .32 cm minus 0 cm) a minimum of .08 ml of alcohol.

2. Not smaller than 1-3/4 inches by 1-3/4 inches long plus 1/16 inch minus 0 inch (4.45 cm by 4.45 cm plus .16 cm minus 0 cm) a minimum of 1.66 ml of alcohol.

3. The finished pad, either flat or folded, shall be 1-3/8 inches plus or minus 3/8 inch (3.49 cm plus or minus .95 cm) wide by 2 inches plus or minus 5/8 inch (5.08 cm plus or minus 1.59 cm) long. The fabric pad shall be fabricated from a single piece (one thickness or folded double) of suitable, non-toxic, non-irritating, absorbent material, and the dry pad shall weigh not less than 0.106 gram.

Each impregnated pad shall be packaged and sealed in a foil-plastic laminate material that will maintain sterility and preclude evaporation of the alcohol until manually opened.

Pads shall be free from defects which detract from their appearance or impair their serviceability.

Contractor certification: The contractor shall certify that the product offered meets the salient characteristics of this description, and conforms to the producer's own drawings, specifications, standards and quality assurance practices. The Government reserves the right to require proof of such conformance prior to first delivery and thereafter as may be otherwise provided for under the provisions of the contract.

Regulatory requirements

Federal Food, Drug and Cosmetic Act - If the product covered by this document has been determined by the U.S. Food and Drug Administration to be under its jurisdiction, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/ suppliers, with the requirements of the Federal Food, Drug and Cosmetic Act, as amended, and regulations promulgated thereunder. In addition, the offeror/contractor shall comply, and be responsible for compliance by its subcontractors/suppliers, with the requirements of all other applicable Federal, State, and local statutes, ordinances, and regulations.

Recovered materials - The offeror/contractor is encouraged to use recovered material in accordance with Public Law 94-580 to the maximum extent practical.

Preservation, packaging, packing, labeling, and marking - Unless otherwise specified, preservation, packaging, and packing shall be to a degree of protection to preclude damage to containers and/or contents thereof under normal shipping conditions, handling, etc., involving shipment from the supply source to the receiving activity, plus reshipment from receiving activity, and shall conform to applicable carrier's rules and regulations. Intermediate and exterior package quantities and labeling and marking shall be as specified in the contract and/or order.
