Use/Relationship: The Hazardous Materials Management Program (HMMP) Report will be used to document the contractor's efforts to eliminate or reduce the hazardous materials risk associated with the system, system component or support item being acquired. It is applicable to the acquisition of systems, system components, associated support items, and facilities during the current and all future acquisition phases.

a. This HMMP Report Data Item Description (DID) will be used to document the program's status in reducing hazardous material risks and costs. The report will also support compliance with the requirements of relevant laws, presidential executive orders and the regulations that implement those laws and orders.

b. This DID contains the format, content, and intended use information for the data resulting from the work task described in the Aerospace Industries Association (AIA)/National Aerospace Standard (NAS) 411. This DID is intended for use by system acquisition program offices responsible for acquiring or modifying systems where NAS411 is used as the basis for the HMMP Report.

c. This DID is related to DI-MGMT-81398, Hazardous Materials Management Program (HMMP) Plan.

d. This DID supersedes DI-MISC-81397B.

Requirements:

1. Reference documents. The applicable issue of the documents cited herein, including their approval dates and dates of any applicable amendments, notices, and revisions, shall be as specified in the contract.

a. MIL-STD-882, *System Safety*, Task 108.

(Copies of the DID and this document are available online at http://quicksearch.dla.mil.)

b. NAS411, *Hazardous Materials Management Program* and NAS411-1, *Hazardous Material Target List*.

(Copies of these NAS documents are available online at http://www.aia-aerospace.org.)

DISTRIBUTION STATEMENT A. Approved for public release; distribution is unlimited.

c. GEIA-STD-0007, *Logistics Product Data* and GEIA-HB-0007, *Logistics Product Data Handbook*.

(Copies of these GEIA documents are available online at http://webstore.ansi.org/.)

2. Format. The HMMP Report format shall comply with 7.2 of NAS411, and all subparagraphs.

3. Content. The HMMP Report shall address hazardous material risks in contractually-specified systems, system components, associated operations and support materials and facilities during all the current and all subsequent life cycle phases and activities. The HMMP Report shall include the information required by 4.3 of NAS411, including all subparagraphs.

a. When an HMMP Plan is required by the same contract, the HMMP Report shall be consistent with the HMMP Plan, DI-MGMT-81398C.

b. The HMMP report shall also forecast significant (i.e., moderate or high risk) hazardous material disposal costs and concerns which should be considered during the system design process.

4. End of DI-MISC-81397C.
