QQ-W-418a
CANCELLATION
May 29, 1968

FEDERAL SPECIFICATION

WIRE, STEEL, COLD-DRAWN, FOR CONCRETE REINFORCEMENT

This cancellation was approved by the Commissioner, Federal Supply Service, General Services Administration.

Federal Specification QQ-W-418a, dated September 29, 1959, is hereby cancelled. ASTM A82, Cold-Drawn Steel Wire for Concrete Reinforcement, may be used in lieu of QQ-W-418a to procure standard items used by the Federal Government.
