FEDERAL SPECIFICATION

BAG, PAPER, SHOPPING

This amendment, which forms a part of Federal Specification UU-B-40C, dated February 9, 1973, was approved by the Commissioner, Federal Supply Service Service, General Services Administration, for the use of all Federal agencies.

PAGE 1

2.1, delete "Federal Specifications" in its entirety.

2.1, under "Federal Standard", delete "Domestic" from title

2.1, under "Federal Standard", in parenthesis, after "New York" add Philadelphia" and after "Fort Worth" add "Houston".

2.1, Delete "Military Specification" in its entirety.

2.1, under "Military Standards", delete reference "MIL-STD-129" in its entirety.

PAGE 2

2.2, under Other publications. In parenthesis delete "Tariff Order Section" and substitute "Traffic Department".

3.1, delete and substitute the following:

3.1 Material. The material offered shall contain not less than 25 percent of recovered materials. Recovered materials are defined as material which has been collected or recovered from solid waste. Solid waste is defined as any garbage, refuse, sludge from a waste treatment plant, water supply treatment plant, or air pollution control facility and other discarded material, including solid, liquids, semisolid, or contained gaseous material resulting from industrial, commercial, mining, and agricultural operations, and from community activities, but does not include solid or dissolved material in domestic sewage, or solid or dissolved materials in irrigation return flows or industrial discharges. The paper shall be rosin sized and conform to the applicable requirements in table II for basis weight, tearing resistance and bursting strength.

PAGE 3

4.1, second and third lines, delete "supplier" and substitute "contractor".

PAGE 5

Add new paragraph 4.4.4 as follows:

"4.4.4 Certification. The contractor shall certify in writing to the contracting officer or his representative that the material offered to the Government contains fibers required by 3.1."

5.1, delete and substitute the following:

"5.1 Packing. Packing shall be level A or Commercial, as specified (see 6.1)."

5.1.1 Level A. Bags of like description shall be packed in a close-fitting weather-resistant fiberboard box. Each box shall be closed and waterproof sealed with tape, reinforced with metallic or nonmetallic strapping. In lieu of strapping, pressure-sensitive adhesive, filament reinforced tape may be utilized.

5.1.2, 5.1.3 and 5.3, delete and substitute the following

"5.1.2 Commercial. Two hundred and fifty (250) bags shall be packed in containers to insure safe delivery at destination, to provide for safe redistribution by the initial receiving activity, and shall be acceptable by common carrier under National Motor Freight Classification of Uniform Freight Classification.

5.1.3 Unitization. When shipments to Government depots are full car or truckload, the packed bags shall be unitized for shipment and handling in accordance with normal commercial practice. The unitized load shall not exceed 2,500 pounds in weight, 63 inches in height, and 45 inches in width and 56 inches in length.

5.2 Marking. Shipping containers and unitized loads (when applicable) shall be marked in accordance with Fed. Std. No. 123."
