INTERIM AMENDMENT
TO
FEDERAL SPECIFICATION

TAB, INDEX, GUMMED

This interim amendment was developed by the Standardization Division, Federal Supply Service General Services Administration, Washington, D. C. 20406, based upon currently available technical information. It is recommended that Federal agencies use it in procurement and forward recommendations for changes to the preparing activity at the address shown above.

The General Services Administration has authorized the use of this interim amendment as a valid exception to Federal Specification UU-T-54e dated August 1, 1963.

PAGE 3

Paragraph 3.2.2.3: Delete and substitute:

3.2.2.3 Sets. Individual, blank cloth tabs for class 1 shall be furnished in sets of 50 tabs each. Tabs for class 2 shall be furnished in sets of 25 tabs each.
