COMMERCIAL ITEM DESCRIPTION

STRAPPING, NONMETALLIC (NYLON, FLAT AND CONNECTORS)

The General Services Administration has authorized the use of this commercial item description in preference to Type III of Federal Specification PPP-S-760.

This description covers plastic strapping, nylon, flat; seals, mechanically installed and tensioned; or buckles.

Salient characteristics.

The principal characteristics of nonmetallic strapping are the material, physical dimensions (width, thickness, and length), tensile breaking strength in pounds, elongation, coil size, coil length, and joint efficiency. All of the principal characteristics shall meet ASTM D 3950, Type III.

All connectors (buckles, seals, or welds) shall have a minimum joint strength of 40 percent of the minimum strapping breaking strength contained in ASTM D 3950 table 3.

Workmanship. Strapping shall be straight, clean, and free of kinks, edge curvature, cracks, and other defects that may affect the serviceability.

Regulatory requirements. The offeror/contractor is encouraged to use recovered materials in accordance with Public Law 94-580 to the maximum extent practicable.

Preservation, packaging, packing, labeling, and marking. Preservation, packaging, packing, labeling, and marking shall be as specified in the contract or order.

Cross reference. The commercial item description and specification types and grades relate to each other as follows:

A-A-2027	PPP-S-760B	ASTM D 3950
Nylon	Type III	Type III
Buckles	Buckles	Connectors
Plastic regular duty	----------	
Metallic heavy duty	----------	
Seals	Seals	Connectors
Open	----------	
Closed	----------	
Double	----------	
Welding	----------	Fusion

Notes. Purchasers should specify width, thickness, length, breaking strength, and duty, or buckle material and design, or seal design.

This commercial item description supersedes in part, A-A-687, dated December 17, 1979. A-A-687 is being revised to reflect changes.

ASTM standards are available from the American Society for Testing and Materials, 1916 Race Street, Philadelphia, PA 19103.
